- £9,450.00 plus VAT

3 years	1+35	£337.00 + vat per month*
5 years	1+59	£224.00 + vat per month*

THE BENEFITS OF LEASING

100% Tax Efficient

All payments qualify for up to 100% tax relief (unlike a bank loan), which can dramatically reduce costs, in most cases by around 21%.

Improved Cashflow

Keep cash in your bank.

Unsecured Borrowing

The equipment that is being leased is the only security that is generally necessary.

Spread VAT

VAT is spread in equal chunks across the agreement (rather than payable up front) minimising cash-flow disruption.
